Platform	Content	Audience
BrainPOP BrainPOP Jr. Brain POP ELL BrainPOP Español BrainPOP Français	Videos, quizzes, and educator resources on a variety of topics Learning at home with BrainPOP resources	K-12
Castle Learning	Castle Learning offers a comprehensive instructional support platform for in class, homework, review, and testing available both online and offline.	K-12
Cue Think	CueThink is an innovative application and a pedagogy focused on improving critical thinking skills and math collaboration for students in grades 2-12.	2-12
Discovery Education	Discovery Education is the global leader in standards-based digital content for K-12, transforming teaching and learning with award-winning digital textbooks, multimedia content, professional development, and the largest professional learning community of its kind.	K-12
Ferguson's Career Guidance Center	A comprehensive resource for career exploration and planning that allows users to quickly find the valuable career information they need, whether it's industry and professions articles, school planning resources, or skills and career advice.	9-12
Gale Resources	Access to magazine, newspaper and journal articles/eBooks and educator resources; integrates with Google Classroom	K-12
Khan Academy	Khan Academy, a free website aimed at promoting self-paced instruction, houses thousands of academic videos that are baked into guided, adaptive instruction. With an initial focus on math, the site now offers courses on a variety of topics in science, economics, history, the arts, and computing, as well as prep for tests like the SAT and GMAT.	K-12
Learn360	A streaming multimedia resource for the K–12 educational market. Teachers, students, and parents can access more than 164,000 media resources on any Internet-enabled device, anytime, anywhere, and engaging content landing pages make it easy to find the wealth of videos, interactives, printables, audio content, and maps and flags.	K-12

The Mailbox	52,000+ teaching ideas and activities for the classroom. Assets include worksheets, lesson plans, classroom management tools, and much more.	Pre-K-6
Math Seeds	Mathseeds teaches kids aged 3-9 core math and problem solving skills with fun online math games and activities.	Pre-K-4
Nearpod	Ready-to-run interactive lessons. Complimentary access upon request https://nearpod.com/coronavirus	K-12
New Dimension Media	New Dimension Media's educational videos, professionally produced and vetted by educators, help students understand and absorb information more quickly with quality visual media in Science, Social Studies, Math and Language Arts.	K-12
NewsBank	NewsBank consolidates current and archived information from thousands of newspaper titles, as well as newswires, web editions, blogs, videos, broadcast transcripts, business journals, periodicals, government documents and other publications. Aligned with state standards for all subject areas.	7-12
Noodletools	Use for online research or as a tool for introducing research skills. Students stay organized as they evaluate information, build citations, archive articles, take notes, outline topics, and prepare to write. Work may be shared between a teacher and individual students to provide feedback and monitor individual contributions to group work.	5-12
OverDrive	PreK - Adult audiobooks and ebooks. Download the Sora app first. Open the app and find your school library. Enter in your username and password. If you do not know what your user information is, see your school librarian for username and password.	Pre-K-Adult
PBS Learning Media	Streaming videos, lesson plans, and related materials organized by content area/grade level	Pre-K-12
Reading Eggs/Reading Eggspress	Reading Eggs is the online reading program that helps children learn to read. Hundreds of online reading lessons, phonics games and books for ages 2-13.	Pre-K-7
Soundzabound	Soundzabound is still the only royalty free music library that understands the growing technology requirements and licensing needs for education, having been created by educators for education.	Pre-K-12
Study Island	Study Island combines rigorous content that is highly customized to specific state standards in math, reading, writing, science, and social studies with interactive features and games that engage students and reinforce and reward learning achievement. Our online suite of products uses technology to transform education.	K-12
TeachingBooks	Video book readings, lesson plans, author interviews	K-12
TigTag Jr.	Tigtag Junior provides children aged 4-7 with a broad introduction to the basic areas of science.	K-1
TigTag	Covering all areas of the Next Generation Science Standards and state science standards, Tigtag equips teachers to wow their students with the wonder of science. Tigtag is an engaging and high quality tool, centred around the use of specially made short videos built into integrated lesson plans.	2-5

TumbleBooks	K-8 eBooks with synchronous, unlimited access	Pre-K-8
Twig	Twig offers high-quality films, purpose-made to cover international curricula, and learning materials to teach Science, Maths and Geography to students aged 11-16. Twig supports teachers in delivering key learning points to their students, motivating them to explore and discover, to think for themselves and understand the relevance of what they are being taught in the real world. With a range of films for curriculum topics, real-world contexts, glossaries and experiments, teachers are equipped with content and materials to engage their students and develop their 21st Century skills.	5-10
World Book K-12 eBook Collection	K-12 non-fiction eBooks with synchronous, unlimited access	K-12

STEM resources you may want to consider in addition to BrainPOP, Khan Academy, TigTag Jr., TigTag, and Twig listed above include the following:

- [bioGraphic](#) – collection of pictures and videos of wildlife in nature
- [BioInteractive](#) – search classroom resources
- [Climate Kids](#) – explore key climate issues
- [Crash Course Kids YouTube Channel](#) – these videos are frequently incorporated into the Advancing STEM Kits
- [EarthRangers](#) – environmental conservation for kids
- [National Geographic Kids](#) – science experiments, articles, videos, and more
- [PhET Interactive Simulations](#) – game-like environment for students to learn through exploration and discovery
- [Plum Landing: PBS Kids](#) – games and adventures for outside; in-depth exploration of Earth’s ecosystems
- [Wild Kratts](#) – two brothers exploring creatures in their habitats
- [Wildscreen Exchange](#) – collection of pictures of wildlife in nature

Mark Beckwith, Professional Development; Mark_Beckwith@caboces.org

Chelsea Lobello, Professional Development; Chelsea_Lobello@caboces.org

Platform	Content	Target Audience and Resources
Microsoft Teams	Using the power of Office 365, teachers can use Teams to meet virtually with their students, assign and review assignments from wherever they are, and integrate hundreds of applications teachers are already familiar with to enhance the power of distance learning. Screens can be shared, so teachers can direct their lessons and share PowerPoints on student screens.	Grades 3-12 Microsoft Teams Support
Flipgrid www.flipgrid.com	Watch confidence and creativity flourish as your learners record short, authentic videos based on your Topics. Free account to sign-up with existing Microsoft email (school account), and then create a topic for students to record a response video.	Grades 3-12
	Other resources for online learning applications	
Nearpod	Create interactive lessons where students are held on the slide that the teacher is on, limiting what they can do. Activities can be added into the lessons such as drawing on PDF files, uploading pictures, sharing drawings or answers to questions, and more. www.nearpod.com	Grades 1-12
Quizlet	Online flashcard hosting website. Can take flashcards and study terms, make a game out of them, and more. www.quizlet.com	Grades 2-12
Wakelet	Curation resource tool, where teachers can create and share aggregated collections of content such as PDFs, websites, images, videos, for students to browse through all at once. These collections can be shared directly with students via Teams, eliminating any extra hassles for teachers and students. www.wakelet.com	Grades 5-12

Other resources to consider:

- Microsoft Stream for creating and sharing videos inside a school (part of Office 365)
- Microsoft Forms for creating quizzes and surveys (part of Office 365)
- Kahoot! For keeping sharp on review work (fractions, math facts, etc.)
