Unhealthy Foods Survey

Prepare a list (in Spanish) of what you consider to be 10 of the worst foods people eat. Then, survey 10 of your classmates to find out which one they feel is the most unhealthy. Prepare a graph on paper or via software such as Microsoft Excel to share the results with your teacher and classmates on a separate piece of paper. Write a concluding paragraph (in Spanish) to explain your thoughts on the survey results. Your paragraph should be five sentences long.

Use the following question to help you with your survey:

¿Cuál crees que es el alimento más saludable de la lista?

Comidas insalubres

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
